

Milestone: MedAllies Achieves 2015 ONC-ACB EHR 2015 Edition Certification from Drummond Group LLC

FISHKILL, N.Y., June, 6th 2017 — with an intense focus on interoperability, MedAllies, has achieved 2015 ONC-ACB EHR 2015 Edition Certification via Drummond Group, an Authorized Certification Body (ACB) that has been empowered to test software for compliance with the requirements of the federal government’s program. MedAllies is one of the first National Direct Network Providers to achieve this new modular certification for Direct Messaging. The stamp of approval designates that the software offers the functionality that enables eligible providers to meet MACRA – MIPS (Advancing Care Information) and hospital to meet MU 3 requirements. Furthermore, the new addition of Direct Network certification in 2015 allows, for the first time complete end-to-end.

As Digital Health becomes more widespread, interoperability has risen to the most pressing issue for Health Information Technology. Without interoperability, coordination of care is limited and a patient’s health and safety are placed at risk. MedAllies is one of the leading National Direct Network together connect over 1.5 million providers via their certified EHRs.

MedAllies Chief Executive Officer John Blair III, MD stated, “MedAllies is committed to interoperability for all providers and patients to best achieve coordination of care and the triple aim of better health, better care and lower cost.”
